

50L1350U LED HD TV

TOSHIBA
Leading Innovation >>>

PICTURE PERFECT. SIMPLY BRILLIANT.

Extra large and vibrant, the energy-efficient Toshiba 50" class L1350 LED TV combines quality 1080p Full HD with essential features that makes your big screen TV investment go further. The 50" class L1350U stands out with its incredibly vibrant picture quality and sharp contrast. A full set of connections including three HDMI® inputs make it big on versatility, too. Whether you want to watch movies and videos in HD or use it for gaming, ClearScan® 120Hz doubles the refresh rate for clearer fast motion video, while Dynamic Picture Mode delivers maximum contrast, clarity and color saturation. When it comes to audio, Audyssey EQ® and ABX technologies deliver clear, well-balanced sound. The 50" class L1350U is everything you need in big screen HD entertainment all from a brand you can trust.

CS120Hz
ClearScan™

ClearScan® 120Hz doubles the refresh rate for clearer fast motion video

HDMI® X3

1. While every effort has been made at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, system/component/options availability are subject to change without notice. 2. 1080p/24 fps encoded content and an HD display capable of accepting a 1080p/24Hz signal required for viewing 1080p/24 fps content. 3. Use of HDMI[®] CEC requires an HDMI[®] CEC compatible display/peripheral device. Depending on the specifications of your device, some or all HDMI[®] CEC functions may not work even if your display/peripheral device is HDMI[®] CEC compatible. 4. If you decide to wall mount your Toshiba television, always use a UL Listed wall bracket appropriate for the size and weight of the television. Care should be taken to place or install the display where it cannot be pushed, pulled over, or knocked down.
