Owner's Record

The model number and serial number are on the back and side of vour television. Record these numbers whenever vou communicate with your Toshiba dealer about this television.

Model name Serial number_

Register vour Toshiba Television at register.toshiba.com.

Note: To display a High Definition picture, the TV must be receiving a High Definition signal (such as an over-the-air High Definition TV broadcast, a High Definition digital cable program, or a High Definition digital satellite program). For details, contact your TV antenna installer, cable provider, or satellite provider

- 24) When selecting a location for the TV, NEVER allow any part of the TV to hang over the edge of the supporting furniture. NEVER place the TV on tall furniture (for example, entertainment centers or bookcases) ithout anchoring both the furniture and the TV to a suitable support,

 • Never place cloth or other material between the
- TV and the supporting furniture,
 NEVER allow children to climb on the TV.
- To avoid damage to this product, never place or store the TV in direct sunlight; hot, humid reas; or areas subject to excessive dust or
- vibration. 26) Always place the TV on the floor or a sturdy, level, stable surface that can support the weight of the unit. Secure the TV using one of the
- 1) Secure the TV with a mounting screw
- Place the TV on a sturdy surface that has a sufficient thickness and screw the unit on the surface securely by using the mounting screw tion screw hole. (2) Secure the TV with a sturdy strap to a wall (2) Secure the TV with a study strap to a wainstud, pillar, or other immovable structure.

 When connecting the strap:

 - attach the strap to the TV using the hooks on the back of the TV, the clips on the pedestal, or

the hole in the base of the pedestal as available make sure the strap is tight, secure, and parallel to the floor

27) The product shall not be exposed to dripping or splashing, and that no objects filled with iquids, such as vases, shall be placed on the apparatus.

28) Never block or cover the slots or openings in the TV cabinet back, bottom, and sides. Never place the TV:

- on a bed, sofa, rug, or similar surface;
- too close to drapes, curtains, or walls; or in a confined space such as a bookcase. built-in cabinet, or any other place with

- 29) Always leave a space of at least 4 (four) inches around the TV. The slots and
- reliable operation of the TV) Never allow anything to rest on or roll over the power cord, and never place the TV where the power cord is subject to wear or abuse.

openings are provided to protect the TV

from overheating and to help maintain

- 31) Never overload wall outlets and extension
- 32) Always operate this equipment from a 120V AC, 60Hz power source.

 33) Always make sure the antenna system is
- properly grounded to provide adequate otection against voltage surges and built-up static charges (see Section 810 of the National Flectric Code)

DANGER: RISK OF SERIOUS PERSONAL INJURY OR DEATH!

 Use extreme care to make sure you are never in a position where your body (or any item you are in contact with, such as a ladder or screwdriver) can accidentally touch overhead power lines. Never locate the antenna near overhead

power lines or other electrical circuits. Never attempt to install any of the following during lightning activity: a) an antenna system; or b) cables, wires, or any home theater component connected to an antenna or phone system.

For better performance and safer operation of your TOSHIBA TV, follow these

Dear Customer.

Thank you for purchasing this Toshiba LED TV. This guide will help you use the many exciting features of your new LED TV. Before operating your LED TV, carefully read this

Safety Precautions

G: TO REDUCE THE RISK OF FIRE OR FLECTRIC SHOCK DO NOT EXPOSE THIS APPLIANCE TO RAIN OR MOISTURE

SHOCK. DO NOT REMOVE COVER (OR BACK). NO USER-SERVICEABLE PARTS INSIDE. REFER **SERVICING TO QUALIFIED SERVICE PERSONNEI** The lightning flash with arrowhead symbol

within an equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to person

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

WARNING To prevent injury, this apparatus must be securely attached to the floor/wall in accordance with the installation instructions See instructions on item 26).

WARNING If you decide to wall mount this elevision, always use a mounting bracket that has been Listed by an independent aboratory (such as UL, CSA, ETL) and is appropriate for the size and weight of this elevision. The use of inappropriate or non-Listed mounting brackets could result i serious bodily injury and/or property damage See "To Display your LED TV using a Wall

When a cart is used use caution when moving the cart/product combination to

14) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug

is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Additional Safety Precautions

- 14a) **CAUTION:** If the TV is dropped and the cabinet or enclosure surface has been damaged or the TV does not operate normally, take the following precautions: ALWAYS turn off the TV and unplug the
- power cord to avoid possible electric shock or fire.
- NEVER allow your body to come in contact with any broken glass or liquid from the damaged television. The LCD panel inside the TV contains glass and a toxic liquid. If the liquid comes in contact with your mouth or eyes, or your skin is cut by broken glass. rinse the affected area thoroughly with water and contact your doctor immediately.
- ALWAYS contact a service technician to inspect the TV any time it has been damaged or dropped.
- 15) CAUTION: To reduce the risk of electric shock, do not
- use the polarized plug with an extension cord, receptacle, or other outlet unless the blades can be inserted completely to prevent blade exposure.
- To prevent electric shock, match wide blade of plug to wide slot; fully insert. 16) CAUTION:

Do not let children swallow any small parts included on or with the product or play with the plastic bag. Keep the small parts and the plastic bag out of the reach of children.

17) CAUTION: Do not let water or other liquids come into contact with the product, as it may result in damage.

- 18) WARNING: To prevent the spread of fire, keep candles or other open flames away from this
- product at all times. Keep the product away from direct sunlight fire or a heat source such as a heater. This may reduce the product lifetime or result in

Installation, Care, and Service Installation

Follow these recommendations and precautions and heed all warnings when

installing your TV: WARNING: NEVER expose 19) the batteries to excessive heat such as sunshine. fire. or the like.

- 20) ALWAYS plug the product into an outlet that is located in such a manner that it can be easily unplugged in case the product requires service.
- 21) NEVER route the product's power cord inside a wall or similar enclosed area.
- 22) Never modify this equipment. Changes or modifications may void: a) the warranty. and b) the user's authority to operate this equipment under the rules of the Federal Communications Commission

DANGER: RISK OF SERIOUS PERSONAL INJURY, DEATH, OR EQUIPMENT DAMAGE!

FCC Declaration of Conformity Compliance Statement (Part 15):

23L1350U/29L1350U/32L1350U/39L1350U/ 50L1350U Television models comply with Part 15 of the FCC rules.

Operation is subject to the following two conditions

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

The party responsible for compliance to these rules is: Toshiba America Information Systems, Inc.

9740 Irvine Blvd., Irvine, CA 92618. Phone: 800-631-3811

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions. may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by removing and applying power to the equipment, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the

receiver is connected

· Consult the dealer or an experienced radio/TV technician for help.

Caution: Changes or modifications to this equipment not expressly approved by Toshiba could void the user's authority to operate this equipment.

ENERGY STAR® User Information

the factory default settings of this television meet ENERGY STAR® requirements. Changing Picture Settings may increase energy consumption, possibly beyond the limits required for ENERGY STAR qualification. To ensure your television is operating at optimal energy efficiency, select [Home] mode during initial activation. To return to [Home] mode settings, select [Standard] picture mode. [Standard] mode is recommended for normal home use.

ENERGY STAR® qualified TV. Products that earn the ENERGY STAR prevent green house gas emissions by meeting strict auidelines set by the U.S.

Environmental Protection Agency ENERGY STAR and the ENERGY STAR mark are registered U.S. marks.

Important notes about your TV

The following symptoms are technical limitations of LCD Display technology and are not an indication of malfunction: therefore. Toshiba is not responsible for perceived issues resulting from these symptoms.

1) An afterimage (ghost) may appear on the screen if a fixed, non-moving image appears for a long period of time. The afterimage is not permanent and will disappear in a short period of time. 2) The LCD panel contained in this TV is

manufactured using an extremely high level of precision technology; however, there may be an occasional pixel (dot of light) that does not operate properly (does not light, remains constantly lit, etc.). This is a structural property of LCD technology, is not a sign of malfunction, and is not covered under your warranty. Such pixels are not visible when the picture is viewed

from a normal viewing distance. Note: Interactive video games that involve shooting a "gun" type of joystick at an on-screen target may not work with this TV.
