

55L7400U LED Smart TV with Cloud Portal CINEMA SERIES®

TOSHIBA
Leading Innovation >>>

PREMIUM CINEMA PICTURE QUALITY. STUNNING ENTERTAINMENT.

The new L7400U Cinema Series® TV with the latest Toshiba technologies raises the bar for incredible picture quality and sound, so you can enjoy the ultimate in 1080p Full HD entertainment. The slim-design 55" L7400U LED Smart TV with Cloud Portal features our new Radiance™ Full Array LED panel using Toshiba's own SuperBright LEDs with virtually twice the brightness of a standard LED TV, to create significantly more vibrant images than ever. Superior ClearScan® 240Hz technology ensures fast action scenes in sports and movies are crystal clear, and new Dual + Single Core CQ Engine™ creates stunning cinema quality images. A new Labyrinth™ Speaker System increases the sound pressure levels and bass response for fuller sound with DTS Premium Sound™ for an overall immersive experience. The L7400U Series includes the premium Smart TV with Cloud Portal for a smarter connected experience that makes it simple, easy and fun to connect to content, mobile devices and people. It's all part of the brilliance that makes the L7400U Cinema Series TV a top-of-the-line entertainment extravaganza.

RADIANCE™ FULL ARRAY LED

Full Array of SuperBright LEDs for brighter whites, higher contrast, and a more vibrant picture

SMART TV CLOUD PORTAL

Multi-page portal with open Internet Browser, SearchALL, MediaGuide, Personal Messaging, Family Calendar, Video News and more

HDMI® X4 HIGH-DEFINITION MULTIMEDIA INTERFACE

High-definition video and digital audio through a single cable

CS 240Hz ClearScan®

Improves picture clarity for clearer fast-action video, movies & sports

1080P FULL HD

1080p Full HD resolution—twice the picture detail compared to standard 720p HD

LABYRINTH™ SPEAKER SYSTEM

Increases sound pressure level and bass response for a fuller sound from a thin flat panel TV

CQ ENGINE™ DUAL-CORE CINEMA QUALITY

Advanced Toshiba CQ Engine creates cinema quality images

Wi-Fi connects the TV to your home network, while Intel® WiDi connects directly to your mobile devices

dts® Premium Sound

Most advanced DTS audio suite for televisions for a fuller, wider and more accurate sound experience

1. While every effort has been made at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, system/component/options availability are subject to change without notice. 2. 1080p/24 fps encoded content and an HD display capable of accepting a 1080p/24Hz signal required for viewing 1080p/24 fps content. 3. Use of HDMI® CEC requires an HDMI®-CEC compatible display/peripheral device. Depending on the specifications of your device, some or all HDMI® CEC functions may not work even if your display/peripheral device is HDMI® CEC compatible. 4. If you decide to wall mount your Toshiba television, always use a UL Listed wall bracket appropriate for the size and weight of the television. Care should be taken to place or install the display where it cannot be pushed, pulled over, or knocked down.
