Toshiba International Corporation Adds Decatur Industrial Electric to National Distribution Network

Houston, TX: June 21, 2023 – Toshiba International Corporation (TIC) today announced the addition of Decatur Industrial Electric to its nationwide distributor network. Decatur Industrial Electric now offers the full range of Toshiba motors, adjustable speed drives and motor control products.

“We are excited to welcome Decatur Industrial Electric to our distribution network,” said John O’Brien, Director of Distribution Sales, Motors and Drives Division. “Decatur Industrial Electric’s vision is to be the most admired and respected company by its team members, customers, stockholders and the communities they serve and value. We at Toshiba share a similar vision, ‘Do the right thing. Look for a better way. Always consider the impact. Create together.’ We look forward to collaborating with Decatur Industrial Electric to offer innovative solutions to customers.”

Decatur Industrial Electric is a family-owned business that started in 1952. It provides electro-mechanical solutions to a variety of customers throughout the Midwest. “We pride ourselves on being a strategic partner in providing reliable solutions to our customers,” said Trent Thompson, President, Decatur Industrial Electric. “I’m honored and excited for my team to be able to provide Toshiba’s solutions portfolio to our great customers. The Toshiba brand is known for superior performance and quality in the industrial marketplace. Toshiba’s company vision and its superior reliability aligns well with our drive to help customers optimize asset performance and reduce their total cost of ownership.”
